Vintage Cutting Horse Association

Vol. 31, No. 12, October 2011

## President's Message

The VCHA show season is officially over. CONGRATULATIONS to all the winners! Thank you to the awards committee. The diligence and extensive time this committee devoted to bring you the best possible awards - without breaking the bank- is truly appreciated and amazing.

The Annual Awards Banquet and Meeting will be at Sonoma County Riding & Driving Club, on Saturday November 19<sup>th</sup>, at 5:30 pm. This year there will be a small live auction offering some higher valued donations which already include: NASCAR Finals and National Hot Rod Association (NHRA) Finals tickets at Infineon Raceway, a case of wine, a custom designed large cooper landscape star by Menini Heating & Air Conditioning. Please bring baked goods, handmade crafts and various items, and/or donations from companies you patronize or from your business. Keep in mind, the auction proceeds go back into the Club for next year's expenses.

Elections of the 2012 Board of Directors will also be held during the Banquet. You will be sent a ballot or you can print the ballot included in this Newsletter and mail it to VCHA or bring it to the Banquet.

You will also be sent a survey for 2012. Even if you don't plan to attend the Annual Banquet, **please return the ballot and the survey to VCHA.** The survey is vital for the 2012 Board of Directors. This is your club and throughout the year the Board attempts to make the best decisions for the Club members. Providing the Board with your opinion, views and desires pertaining to the club and its activities, makes the Board's decisions easier and better reflects your interests.

Lombardi's BBQ will be catering the Awards Banquet. The menu will be plentiful and delicious. We hope to see you all there. And feel free to bring guests. Please remember to make reservations.

A financial report of this season's revenue will be given during the Annual Meeting. Based on the dreary economic times and other uncontrollable challenges, the season only consisted of four shows and resulted in a net loss. However, we were able to control expenses and the club still has a substantial amount of money in its savings account.

I wish to thank each Board member, all the VCHA volunteers, and club supporters for all your hard work and support during 2011.

Happy Trails & Safe Holiday Season to you all,

*Stacey Powers – President 2011*

## Trainer's Corner Featuring: *CECILY BROUGHTON*

Cecily is one determined, hard working young lady. The first time I saw Cecily ride - about 3 years ago - I thought she would make a great cutter. At the time, she was in a college student program loping for a reining trainer where I was stabling my horses. I asked her if she would like to watch some folks cut some cows. She jumped at the chance and I hauled her and my horses over to the Wagon Wheel Ranch. While she was loping my gelding the ranch trainer remarked that she was a really good rider. I asked if she could work a cow and when she did, she totally blew us away with her great ride!! It was truly amazing.

Well, she got immediately hooked on cutting. She was going to Sonoma State University at the time and decided to ask Chris Brown (who lives near SSU) if she could lope for him - secretly hoping that she could learn to cut. And learn to cut she did!

2011 was Cecily's second year riding cutting horses and first year showing. She won the \$10,000 Novice Horse Championship at Gold Country and tied for the \$10,000 Novice Horse Championship with trainer Brandis Langston at VCHA.

All this shouldn't be too surprising as Cecily started riding Western and "chasing cows around" at nine years old in Half Moon Bay. During high school, she helped people learn to ride and conditioned horses after school and on week ends.

Cecily moved to Sonoma County in 2007 to attend Sonoma State University where she majored in Liberal Arts and minored in Business. Good thing, because she has been running the ranch for Chris Brown while he is battling his illness. Cecily values her training in Liberal Arts because she learned critical thinking skills which she believes helps her in daily decision making. She also uses lessons learned in her organizational behavior classes in dealing with customers. Cecily feels very fortunate to have had a program that has provided her with so many practical skills.

When I interviewed her for this article, I asked Cecily what she would recommend to young folks starting out in the cutting world. She thinks they should find someone to work for, and that young riders can get what they want if they "want it enough and are motivated to make it happen."

When asked about her impressions of the "cutting world," she said that she is impressed with how nice and supportive cutters are, how everyone helps and roots for you - even though they might be competitors. Cecily thinks this is what makes cutting unique and "so different" from other sports.

Congratulations to Chris Brown for creating a young champion and to Cecily for her first and very successful year cutting!
